DAYTONA BEACH INTERNATIONAL AIRPORT

Airport Motorcycle Trailer Parking Program

March 4 - March 13, 2022

During Bike Week 2022, beginning Friday, March 4 and ending Sunday, March 13, Daytona Beach International Airport will set aside long-term parking spaces for parking of individual motorcycle trailers and tow vehicles. Trailer must not extend more than 20 feet; tow vehicle with trailer must not extend more than 40 feet. No parking is available at the Airport for large semi tractor-trailer rigs. A diagram showing the location of the motorcycle trailer and tow vehicle parking area is shown on Attachment 1.

Airport Hours of Operation: Airport parking lots are open 24 hours per day, 7 days per week. The parking lot is lighted and regularly patrolled by the Volusia Sheriff's Office and Airport personnel. The Airport is not responsible for any damage, vandalism, or other destruction of vehicles parked in the Airport parking lot.

Motorcycle Trailer and Tow Vehicle Parking Rates:

- Trailer Parking Only-- one parking space: $150
- Trailer Parking Plus Tow Vehicle --two parking spaces: $300
- Parking that exceeds 40 feet: $400

Early exit from the motorcycle trailer and vehicle parking lot, prior to the conclusion of Bikeweek shall not entitle parking patrons to a refund hereunder.

Operation: Prior to arrival at the Airport, patrons should remove motorcycles from the motorcycle trailer and drop them off at the hotel or other accommodation, which will be used during Bikeweek. Airport vehicle gate arms and other automatic systems in use at the Airport may not properly operate with motorcycles due to lower weight and reduced mass compared to other vehicles. In the case of gate arms, this can create a safety hazard where a gate arm may not operate or may come down too soon, possibly injuring the motorcyclist or passenger or damaging the bike. For this reason we request that motorcycles be dropped off prior to arriving at the Airport.

Neither the Airport, Volusia County nor Reef Parking will assume any liability for motorcycle exits through automated gate arm equipment or use of Airport parking lots that may result in injury or property damage in the manner described.

Follow these procedures to register your vehicles:

- ✓ Upon initial arrival at the Airport, follow the signs to Long Term Parking.
- ✓ Upon entering the parking lot, press the green button, take a ticket and follow the signs to the area marked Motorcycle Trailer and Tow Vehicle parking only as shown on Attachment 1.
- ✓ Upon arrival at the designated motorcycle trailer and tow vehicle parking area, immediately park then walk to the parking exit booth office (shown on attachment 1) and register vehicle(s) by completing and turning in the attached form, (attachment 2) and the parking ticket initially obtained upon entry into the Airport parking lot.
- ✓ The attendant with Reef Parking (the parking lot operator) will collect the minimum charge as noted above and explain the procedure for entering and departing the lot during the special event period. Standard Airport parking rates will apply before March 4 or after March 13.

It is very important that the registrant complete the registration form and provide it to the parking lot attendant immediately upon arrival at the Airport. An inventory of trailers will be taken each night and any unregistered motorcycle trailer or tow vehicle may be subject to being towed off Airport property at the owner's expense. Registration must be done at the parking exit booth with Reef Parking, the parking lot operator. Although Airport parking lots are lighted and regularly patrolled, the Airport, Volusia County or Reef Parking will assume liability for missing or damaged property. All vehicles left parked on Airport property should be secured and locked by owners. During Bikeweek, the motorcycle and tow vehicle-parking area may not be used for picnics, camping out, tailgate parties, social congregation or any other use outside of this program. The area is being provided for the sole purpose of parking trailers and tow vehicles. All questions concerning trailer parking should be referred to one of the following:

Reef Parking: 386-253-6477
Airport Terminal Coordinator, Katherine Wisniewski: 386-248-8030, ext, 18318 or kwisniewski@flydab.com
